

SAFE AREA

6.50in X 9.75in

1950px X 2092.50px

This margin contracts 0.125" (37.5px) from the cut line. All text and images should be within this boundary.

SAFE AREA

6.75in X 10in

2025px X 3000px

The card will be cut to this size.

BLEED AREA

7.00in X 10.25in

2100px X 3075px

Anything in this area will be cut off. However, it is important that any color/ image that goes off the page touches the bleed line.

The diagram illustrates the layout of a business card. It features a central white area with a blue dashed border. A red dashed border is also present, indicating the bleed area. A horizontal blue line across the middle represents the fold. Arrows point to the left margin (pink), the top margin (blue), and the left edge (black). Dimensions are provided in inches and pixels for each area.
